A Spa Masque

A healthy blend of vitamins, minerals, rich plant extracts and French clay that removes impurities, absorbs excess oil, clarifies and tones skin and leaves your face feeling silky smooth.

Our all-natural formula combines a proprietary nutrient-rich plant extract and green clay found off the coast of Normandy, France. Green clay is rich in sea kelp, magnesium, manganese, zinc and other phytominerals needed for balanced and healthy skin. The spa masque's pore refiner also lifts and removes unwanted debris and dead skin cells.

B Face Cleanser

Gently massages away dead skin cells, removes excess dirt and oil and leaves your skin feeling vibrant.

This natural, everyday cleanser is also effective as a makeup remover and shaving cream. Our non-irritating, sulfate-free formula combines healthy Moringa with Tensolve, plant extracts and Desert Flower Elixir to restore balance, elasticity and tone. It also works to replenish your skin's natural lipids.

GenM's Face Cleanser contains no artificial colors, fragrances or additives.

E Anti-aging Night Repair

Our proprietary formula goes above and beyond just moisturizing to repair the signs of aging. A Botox-like active called Snowflake relaxes lines and wrinkles. Peptide complexes promote cell turnover and enhance collagen production. Phase2 Rx directly reduces erythema to protect skin from sunlight damage, environmental pollutants and oxidative stress. A Commiphora mukul extract called

Redensin fills crow's feet, frown lines and wrinkled areas around the face and neck.

In addition to its extraordinary anti-aging properties, a concentrated pumpkin extract in seawater called Ocaline reduces reddening of the face while natural bamboo silk leaves skin feeling naturally smooth.

F Eye Serum

Keeps the area around your eyes moisturized while reducing redness, puffiness, dark circles and other signs of aging.

This unique serum is filled with active ingredients that moisturize, soothe and strengthen the delicate tissue around the eyes. Upon application, these ingredients begin to repair, protect and diminish multiple signs of aging.
