

Zija's XM+ Energy Mix is a convenient way to drink in healthy Moringa, with natural ingredients like Green Tea, Desert Tea and Ginseng for added energy.

Moringa oleifera is considered by many to be the most nutrient-rich plant ever discovered. This all natural beverage is overflowing with antioxidants, minerals, omega oils, vital proteins and cell-ready nutrients. Zija is the first – and only – company to channel Moringa's dramatic nutritional properties into a refreshing, nourishing energy beverage that gives you the balance nature intended.

XM+ delivers real, sustainable energy that is fast-acting and long-lasting, without the harmful neurostimulants, artificial ingredients, flavors, preservatives, stabilizers and sweeteners present in other so-called "energy drinks." XM+ Energy Mix combines the same dosage and potency of Moringa found in the Zija SmartMix with our proprietary blend of plant-based natural Caffeine, natural Desert Tea, natural Green Tea, Fruit Pectin, naturally occurring Trimethylglycine (TMG), Ginseng, natural Allium sativum and all-natural flavors.
